## John McCain’s Plan:

### Tax Your Health Care

Republican John McCain wants people to buy health insurance on their own instead of getting it through their job. He would tax employer health care benefits, putting 158 million Americans at risk of losing their coverage.

[CAP, 4/29/08]

### Deny Coverage

John McCain would allow insurance companies to deny coverage based on pre-existing conditions. The McCain plan would also put important medical procedures, like cancer screenings, at risk by allowing insurance companies to avoid state coverage requirements.

[CAP, 4/29/08]

### Destroy Medicare

McCain wants to privatize Medicare—just like the plan he’s proposed for Social Security. In Congress, he voted for steep increases in Medicare premiums and tried to cut billions from the Medicare budget.
