

To whom it may concern

I believe as a foster parent. all foster parents should have equal rights even if related to child.

I believe if a parent had had their parental rights revoked they should not have to sign for a child to be adopted after a certain amount of time.

The reason I say that we have had since he was 2 years old he will be 8 in November. We have asked the parents over and over they say no.

But they are further away from getting him back then they were when he was took from them.

The child will tell you he wants to stay with us. He loves and respects us and we do him. He knows we are always there for him.

So I believe D.H.S. should be able to adopt the child without parent consent

Exhibit 2

I don't believe a child
should have to live in crowded
arrangements or in a hazzard area.

I believe a child should
feel loved and in a comfortable
environment. where they feel safe.
